

Sure Step Standard Custom (SURE-01)

The SURE-01 is our **Standard** custom articulated functional AFO with standard independent semi-rigid uprights, custom balanced footplate with low profile footplate trimlines, standard EVA topcover, 35mm heel cup, ankle axis articulation placement, compression molded removable interface pads and velcro closures.

Ankle high cast mold is necessary for SURE-01

Sure Step Pro Custom Series (SURE-02, SURE-03, SURE-06, SURE-08)

The SURE-02, SURE-03, SURE-06, and SURE-08 are our **Premier** custom AFO's with **custom** upright supports molded to the individual's lower leg for an intimate fit. **The added structural integrity of the posterior bar offers the practitioner an array of ankle joint options that enhances R.O.M. without compromising the bracing function.** These braces include custom balanced footplates with traditional lower medial and lateral flange, 35mm heel cup, custom ankle axis alignment, and compression molded removable foam interface pads.

Mid-leg cast mold is necessary for SURE-02, SURE-03, SURE-06, SURE-08
